

## [Medical Officer of Health – Edmonton Zone](#)

**Requisition:** #409681

**Location:** Edmonton, Alberta

**Employee Class:** Regular Full-Time

A successful candidate for the Medical Officer of Health (MOH) – Edmonton Zone position would be a Physician (Medical Doctor) eligible for licensure in Alberta, and have his/her FRCP(C) with specialty in Public Health Preventive Medicine (or equivalent).

Reporting to the Lead Medical Officer of Health – Edmonton Zone, the MOH will have a leadership position within Alberta Health Services. Under the Public Health Act, the MOH has statutory responsibilities related to investigation and control of communicable diseases, infection prevention and control and environmental threats to the health of the population.

The MOH has the responsibility for bringing a public health/population health perspective to strategic and operational planning in the health system. This includes participation in the planning and delivery of health promotion, disease and injury prevention and emergency/disaster management initiatives.

Other components of the position include:

- Providing public health leadership and expertise as a Public Health Consultant
- Demonstrated competence in the areas of communicable disease control and immunization programming
- Developing and leading strategic initiatives applicable to population and public health matters
- Working as the physician partner of the Executive Director in public health matters
- Participating in public health research and training of public health professionals

### **Job Qualifications**

- MD Eligible for licensure in Alberta
- FRCP(C) with specialty in Public Health Preventive Medicine
